

K-LOVE radio is very important to me and serves me well! It has been very encouraging to me whether I'm at home, on the road, or staying in another city/town. I like so much that I can find a K-LOVE FM broadcast SOMEwhere on the dial, nearly ANYplace! K-LOVE's music has not only helped me thru very difficult times, but allows me to share my love of Christian music easily with others! I also appreciate all of the helpful and encouraging comments, thruout the day ... and the fact that they PRAY for you, if you call/email them. You wouldn't know that they provide such a needed service, if they weren't able to tell you about it, on-air! Please don't displace K-LOVE by an LPFM broadcaster! We, as a community, NEED what K-LOVE offers. We don't need yet another 'mainstream' music station. I certainly don't!! Thank you, sincerely!
